TOWN TAKEN.

LATEST ANTI-RED
SUCCESS.

CAPTURE OF SUNNING.

(From Our Own Correspondent.)

Pakkai, Kowloon, Oct. 22.
News came through to-day that
anti-Red troops under General
Tung Pan-yan (the pro-Chan
general in southern Kwangtung)
have captured Sunning city from
the Reds. The Red magistrate
fled to Kowloon.

An expedition to the south has
been proposed by the Red garri-
son commander (Brigadier Chan
Ming-shu) at Kowloon. Except
for the censoring of letters, no
other has been done by the Reds
to carry war into rival territory.

The gunboat "Kwong Hon"
has received orders from the Can-
ton Navy, to search all vessels
entering Pakkai, to close the port
at night and to seize all un-
licensed arms.

A good many of the Canton
River Defence Bureau's small
armed vessels were at one time
expected to congregate here but in
view of the anti-Red coup at Sun-
ning it is not known whether they
will come.

Recently all the Red soldiers in
the Sze Yai under General Li
Chai-sum were transferred. Mer-
chants' Volunteers are maintain-
ing patrols against robbers. A
battalion under Chan Ming-shu
arrived over a week ago and are
still at Kowloon.

GENERAL NOTES.

Mr. Hillard, the Customs Com-
missioner, left by launch for
Hongkong, on October 15 and his
place is being taken by a suc-
cessor who arrived here on an
American gunboat.

Premium on Hongkong bank-
notes (in exchange for Canton
subsidy silver) is 25 per cent.

SWATOW POSITION.

After retreating to close on
Swatow, the anti-Reds now re-
port victories in two directions,
according to a message received in
Hongkong this morning.

From an authentic source it is
gathered that General Chan
Kwing-ming's party is handicapped
by the lack of co-operation.

This factor, however, is being re-
medied by the arrival of several
of Chan's senior field officers.

As the Reds called a halt in
their offensive owing to various
risings against them in other
parts of the province, the anti-
Reds pushed forward, retaking a
part of the Hoifung district. The
anti-Reds now hold the main
roads in that district.

The anti-Red right wing has
also demonstrated in another
direction and reports retaking of
a little ground.

Commander Yeung (not to be
confused with General Yeung
Kwan-yu) who distinguished him-
self in a determined last defence
of Waichow and who crawled out
through some high breakers when
the final rally was made with 200
defenders, has again won honours
for his valour at Hoifung. Com-
mander Yeung lost his whole
family at Waichow and came
down to Hongkong for a day or
two, returning to the front im-
mediately after a brief rest.

GOOD WINE.

IMPORTERS' ALLEGED
FRAUD.

\$800 DUTY INVOLVED.

For making what were alleged
to be false declarations in respect
of 50 jars of Chinese wine, Ng
Siun-lun had to answer two charges
before Mr. E. A. D. Forrestal, the
Central Magistrate this morning.

Another Chinese, Ng Hai, was
charged with aiding and abetting
in the importation of the wine.

Mr. H. A. Taylor, assistant
superintendent of Imports and
Exports, said that the Government
would have lost \$800 in revenue
if the fraud had gone undetected.

The case was adjourned until
November 2.

Mr. C. A. E. Russ, appearing for
the two men, applied for bail.
This was allowed on \$500 for the
first defendant and \$500 for the
second defendant.

PUBLIC'S RIGHTS.

REBUKE TO KOWLOON
CYCLISTS.

MAGISTRATES' PERTINENT
REMARK.

"Kowloon cyclists seem to think
they can do what they like," re-
marked Mr. E. W. Hamilton, the
Kowloon Magistrate this morning.
This remark was prompted by
the evidence in a case in which
Mr. R. M. de la Salla was fined \$10
for not providing a rear number
plate on his motor cycle.

MOTOR MISHAPS.

STUBBS ROAD
COLLISION.

EUROPEANS INVOLVED.

Several motor accidents are
mentioned in this morning's re-
ports, but none of them fatal,
as having resulted in serious
injuries.

At 11 p.m. on Sunday a motor
cycle driven by Mr. G. Harcourt,
Police storekeeper, along Arbuth-
not Road, collided with a motor
car at the junction of Calver Road.
The cycle was slightly damaged.
Shortly after noon yesterday
Mr. B. J. Edwards living at No.
3, Leighton Hill Road, in over-
taking a motor at Morris Road
Road, knocked down a Chinese
hawker. The man was injured in
the legs, and the machine was also
damaged.

In the afternoon, a motor car
owned by Mr. Fung Ping-shan, of
No. 1, Park Road, collided with
another car at Stubbs Road. Both
the vehicles were damaged, and
one of the drivers sustained slight
injuries.

COURT MARTIAL.

SERVICE CORPS PRIVATE
CHARGED.

NERVES AND INSOMNIA.

That he became unfit for duty
to the prejudice of good order
and discipline—by reason of pre-
vious indulgence, in liquor, was
the charge preferred against Ets.
William John Barry, R.A.S.C., at
a District Court Martial, held at
Murray Barracks this morning.

Capt. and Bi-Major T. O.
Greenwood, R.A., presided. Other
members of the Court were Cap-
tain J. O. Carpenter, M.C., Maj.
Batt. East Surrey Regiment, and
Lieut. G. D. Upson, 2nd
Punjab Regiment.

Captain H. N. D. Walker,
R.A.S.C., prosecuted. Accused
was not defended.

On a plea of "not guilty" being
entered, medical evidence was
given by Captain R. P. Walker,
M.C., R.A.M.C., and Major A. S.
Littlejohns, D.S.O. (the D.A.D. of
Pathology and Hygiene). Cap-
tain Walker said that accused
was admitted to the Bowen Road
Hospital, from the guard deten-
tion room at Wallington Barracks,
on October 3 and he (witness)
was of the opinion that accused
suffered from alcoholic poisoning.

Major Littlejohns gave it as his
opinion that accused became unfit
for duty as a result of alcoholic
poisoning.

Accused, in a statement, said
that during the last three months
his nerves had been run down and
he had suffered from sleepless-
ness. While in the guard deten-
tion room he felt unwell and re-
ported sick. He had never been
in hospital in Hongkong pre-
viously.

The prosecution then read out
accused's report. He was 38 1/2
years of age and had served 4
years and 23 days. Within the
last 12 months he had one punish-
ment for drunkenness, but had
never been fined by Court Martial.

No verdict was pronounced
by the Court when the President
declared the Court closed.

A. Upson was this morning
sentenced to 200 miles E.N.E. of
Vanuatu. The sentence was im-
posed for having been absent
without leave for 14 days.

For having been absent
without leave for 14 days.

FATE'S DECREE.

COLONY'S OLD AND NEW
GOVERNORS.

NO UNIQUE EXPERIENCE.

ADVERSE WEATHER DELAYS
"KALYAN".

Hongkong was to have had this
week the unique experience of
having in the Colony at one and
the same time, the departing and
incoming Governors of the Colony.
But fate working through the
agency of adverse winds and weat-
her, would appear to have decreed
otherwise. The "Kalyan" bear-
ing Mr. Cecil Clementi, the new
Governor, has experienced such
adverse conditions on her way
that while she was originally run
to have left Singapore on
Sunday or at the latest Monday
morning, it is even doubted whe-
ther she made Singapore in time
enough to leave there at 8 o'clock
this morning, which was the
revised schedule.

The P. & O. local offices are not
in receipt of definite information
of the ship having left, beyond
that there is something in the
nature of a hurricane blowing
from the N.E. so that the ship
from the North are making record
time to Hongkong, those from the
South are well behind their
schedule. It is doubtful if the
"Kalyan" will be able to make
Hongkong on Saturday and it
is extremely improbable that it
will be here in time for the new
Governor to consult with Sir R. E.
Stubbs who leaves Queen's pier at
11.30 a.m., found by the "Kalyan"
for home before taking up his new
post at Jamnagar.

The arrangements that had been
provisionally made when it was
thought that the "Kalyan" would
get to Hongkong on Friday or
Saturday morning were that Mr.
Cecil Clementi would be sworn in
at the Council Chamber at 1 p.m.
but this will probably have to be
postponed. When Sir H. E.
Stubbs arrived on October 1, 1919,
he was publicly welcomed at the
City Hall before being sworn in
but this will not be the procedure
on the occasion of the arrival of
the new Governor. Short speeches
by the reading of the Commission
by the Clerk of Council, Mr.
A. G. Fletcher, and the
administration of the oath by the
Chief Justice (in this case Mr.
Justice Gumpert, acting for Sir
Henry Gumpert, Gollan).

The new Governor will then sign
his name and doubtless the per-
son with which he writes will be
secured by Mr. J. M. de Silva, late
Pulse Index Clerk, who is en-
thusiastic about his hobby. The
pen with which Sir R. E. Stubbs
signed is preserved with those of
his successors in the Supreme
Court Museum, it being of the
ordinary kind, the others having
signed with quills.

Sir R. E. Stubbs' Departure.

The following are the arrange-
ments on the occasion of the
departure of His Excellency Sir
R. E. Stubbs on Saturday.

His Excellency will arrive at
11.15 a.m. at Queen's Pier where
a Guard of Honour will be drawn
up.

Members of the Executive and
Legislative Councils, The Judges,
Members of the Civil Service, the
Consular Body, representatives of
the Navy and Army, and the
Foreign and Chinese Communities
and their ladies will be admitted
to the Pier up to 11 a.m.

Departure. Departure of morning
dress.

His Excellency will embark on
the steam launch "Victoria" at
11.40 a.m. and proceed to the Pen-
insular and Oriental Steamship
Company.

His Excellency will be seen
off by the "Kalyan" which has
been in the harbour.

Company has been awarded a

British battleship "Hood" at

smoked garlic to Walla & Co. of
an order dated 1st to the sum of
Hutchinson & Co. at the Summary
Court to-day by Walla & Co. of
On Lan Street.

breach of contract and amongst
other items stated that they had
to pay a sub-invoice, S. G. Kohle
compensation for non-delivery of
the goods and the cost of the
action.

Smoked garlic was not produ-
ced locally, said the plaintiff in
reply to Mr. Justice Wood. It
came from inland China and was
exported to Singapore and else-
where.

\$7500 and costs was allowed the
plaintiff.

Mr. Turner appeared for plain-
tiff and Mr. Hind, who had been
originally instructed for defend-
ants, had no further instructions.

PIRATE MENACE.

TERROR OF CIVIL
POPULACE.

MANY STRANGE DOINGS.

(From Our Own Correspondent.)

Pakkai, Kowloon, Oct. 22.
Several coups by local pirates
have reduced the Chinese civil
population here into a state of
constituted terror.

Beginning at the evening with a
big dinner at a public restaurant,
300 bunds started a raid on Hong-
kong city on the night of October
21, when most people had gone to
bed.

Machine guns were brought out
from concealed places and the two
schools near the electric light works
the Tak Sun and Tak Nam—were
surrounded. The headmaster of
the Tak Sun was killed and over 60
students were abducted for ransom.

\$100,000 DEMANDED.

Ngaiho, the largest borough in
the New Territories, has received a
demand of \$100,000 from outlaws
in the vicinity. The inhabitants
have fled into Kowloon and
Pakkai for safety at night.

GUNBOAT YUCKS!

Acting as escort to eight yachts
which were conveying back to
Kowloon up-country, a small gun-
boat was challenged near the
Kowloon light-house. She immedi-
ately cut her tow and fled back to
Pakkai for reinforcement leaving
the junk to the mercy of the
pirates. Subsequently the larger
gunboat "Kwong Hon" put out and
recovered three of the junks. The
"Kwong Hon" had been there for
a month and H.M.S. "Albatross"
has also been in port.

HALF-HOUR BATTLE.

Then again the "Lo Yuen"
yacht, ostensibly with permission
to ply between Canton and Hong-
kong, has not been in port. At
Pau Mei Yuen was fired on and
retreated after half an hour's fighting.

MYSTERY OF WITNESS.

How a man, while walking in
daylight in Kowloon city, was
"abducted" remains a mystery.
The only explanation is that he
was kidnapped and carried off by two
strong men and carried off to his
own and the wife's rescue.

BANKS ON STRIKE.

banks of Hongkong and Shanghai
were closed for business.

CHINESE GOAL.

TARIFF CONFERENCE
SEEKS GOALS.

STUDENTS MAKE TROUBLE.

(From Our Own Correspondent.)

Tuan Chi-chang formally opened
the Tariff Conference this morn-
ing. Two thousand students demon-
strated this morning. The
students demonstrated in front of
the conference and many of them
attacked the police and were
injured.

Over thirty of the police were
injured and many of them were
also injured. The police were
attacked by the students and were
injured.

Order was restored by the
police.

The Tariff Conference opened
this morning and the Chinese
delegation was present.

Tuan Chi-chang, Minister of
Finance, was elected chairman of
the Conference. He delivered an
address on the importance of
the Chinese proposals.

The Foreign Minister, Shen
Jui-lin, was elected chairman of
the Conference. He delivered an
address on the importance of
the Chinese proposals.

Following speeches by the dele-
gates, Hawk Ling-yen was ap-
pointed Secretary-General of the
Conference.

The Heads of the foreign dele-
gations and C. T. Wang, repre-
senting China, were appointed as
a committee on the programme
and procedure.

The Tariff delegates represent-
ing the eight Washington signa-
tory Powers, also Spain and the
Scandinavian countries, replied
modestly in a complimentary way,
hoping the Conference would re-
sult in much Chinese and
foreign benefit.

Sir Ronald MacLeay, the Brit-
ish Minister, stated that the Brit-
ish delegation was prepared to
discuss tariff autonomy either at
this conference, or if that could
not be arranged, at some later
date. He was convinced that Brit-
ish and Chinese interests were
essentially the same.

The Japanese delegate, Mr.
Hochi, said he was determined to
adhere to the principle of open
diplomacy of which the present
speech was an example. He re-
gretted the Conference that it
took Japan 63 years to obtain
autonomy of China's goods could
only be reached by successive
stages and this presupposes a
strong united government and
the removal of the various im-
pediments to trade.

Mr. Hochi proposed a graduated
tariff with an average rate of
about 10 per cent. on the
imported goods.

Chamber of Commerce Report.

The report of the Hongkong

General Chamber of Commerce for

the fortnight ended October 23

states:

Cotton: Piece Goods and Fancy

Cotton Goods.—The hopeful tone

evident when we last reported has

been somewhat overclouded by sub-

sequent bankruptcy of certain Na-

tive Dealers, and it is with regret

we have to report the difficulties

and closing down of a former

wealthy and influential Piece Goods

Shop. The improvement in de-

liveries, although well maintained,

shows no early promise of tangible

improvement, while Anti-British

boycott continues unabated in

Canton and certain Coast Ports. A

considerable decline in Big Bales

has been reported since we last re-

ported. This staple is now quoted

at 23.35d. Min. Am. shows

but little change at 11.37d. Spot.

Cotton Yarn.—There is no

change to report in the state of our

COTTON.

Manchester Weekly Report.

September 23.

The week opened with further

bull support for cotton and prices

again advanced, report of the

F. F. Weston Cotton. This rise

has not been held, however, the

effect of the American crop

outlook has pervaded the markets

and more irregularly has followed.

Private crop estimates have varied

so widely that they have not given

any help to operators, who appar-

ently find it quite impossible to

gauger the effect of the past fort-

night on the yield. Ideas of what

the total crop will be are in fact

at present extremely vague, and

with another Bureau estimate due

to-morrow it is not surprising that

more caution has been exhibited.

In spite of the great uncertainties

in the outlook, however, trade buy-

ing has been exceptionally heavy,

and has been as much as 8,000 to

12,000 bales daily at Liverpool.

These are the highest figures for

some considerable time and the de-

mand is still very active. In the

Manchester market enquiry for

yarn and cloth has been fairly good

and a rather better turnover has

resulted. Some markets are ap-

parently satisfied to buy at the

present level of prices, and for these

quite a good business has been

arranged. The larger Eastern

markets still show some hesitation,

however, owing to lack of con-

fidence in values, it would seem,

and also to outside factors. Re-

ports from these markets are at the

same time growing rather more

hopeful and an improvement in

buying does not appear to be very

distant. Cloth prices have remain-

ed very steady and firm. Spinners

are also generally holding their

own, both American and Egyptian

yarns being unchanged in price.

From India there has been a large

machinery enquiry, especially for

the light gauge and offers are very

unfavourable generally. China

has been rather quiet, although there

is some activity in the cotton

markets, especially in the

United States and South America.

The cotton market in the United

States is still very active, and

the demand is still very active.

WU PEI-FU

FAMILY CONFERENCE REQUEST

ONLY MONEY FOR CHANGE

(Reuter's Service.)

Hankow, Oct. 26.

Another long telegram was sent out today by Wu Pei-fu. This concentrated on a denunciation of Chang Tso-lin. Wu Pei-fu does not criticise Tsum Chi-jui, though he requests a stoppage of the tariff conference on the ground that the extra funds will only benefit Chang Tso-lin.

HAYLEY MORRIS.

SEEKING TO MARRY HIS HOUSEKEEPER.

SERIOUS CHARGE SEQUEL.

(Reuter's Service.)

London, October 26.

Hayley Morris, has applied to the Superintendent Registrar of Uckfield for a licence to marry Madeline Roberts who is described as his housekeeper.

Mr. Hayley Morris, aged 37, who made a fortune in China, and lives at Pippingford Park, an estate of a thousand acres at Nutley, Sussex, and his housekeeper, Madeline Roberts (20) were charged at Uckfield Police Court with conspiring to procure a girl of fifteen "in order that Morris might marry her." Both were remanded in custody, but were later granted bail. Morris in the sum of £10,000 and Roberts at £400. The prosecution alleged that the accused were engaged in a conspiracy with the object of systematic seduction of young women and girls procured by means of advertisements in papers, or through the agency of registry offices, representing that the girls' services were required as maid companions to Robert or to look after the dogs. The only qualifications necessary were apparently youth and attractiveness. The prosecution arose out of Scotland Yard enquiries arising out of a complaint to the police by the father of a girl employed as a result of the advertisements. The witnesses for the prosecution included the accused woman's 15-year-old sister, who burst into tears when asked about her relations with Morris and sobbingly pleaded: "Can't you take it from the statement I made the other day."

Tokyo, October 26.—The War Office announced that the Chinese War Minister had an audience with the Prince Regent on Wednesday and is returning to China on Thursday. Official circles consider his continued stay indicates either that the civil war is not regarded as dangerous or that it is Peking's desire to reassure the people regarding the Customs Conference.—Reuter.

FAMOUS SINGER COMING HERE.

Mr. William Harrison, the famous singer, will arrive in Hongkong and visit the Royal Albert Hall on Thursday.

BERLIN ELECTIONS.

COMMUNIST AND SOCIALIST VICTORY

MUNICIPAL COUNCIL MAJORITY

(Reuter's Service.)

Berlin, Oct. 26.

The elections for the Berlin Municipal Council in which 1,750,000 or 80 per cent. of the electorate voted, resulted in a victory for the Socialists and communists who, together, polled nearly a million votes, against 750,000 for the other parties.

The Council has hitherto had a small bourgeois majority, comprising all parties except the Socialists and Communists.

The Communists doubled the poll as compared with the last elections in 1921.

The Socialists and German Nationals generally maintained their positions. The People's Party lost heavily. As is customary, clashes of the rival factions in the streets took place, and as a result many were slightly injured whilst a number of arrests took place.

FRANC UP AGAIN.

INQUIRY INTO SALES ABROAD.

IDENTITY OF SPECULATION.

(Reuter's Service.)

London, October 26.

The French franc in London recovered this afternoon to 112.12. Word from Paris states that at a meeting of the Cabinet, M. Caillaux, Finance Minister, announced that he had ordered an enquiry into the sale of the franc, and the purchase of sterling by French citizens abroad, and the Minister of Justice would open an immediate enquiry with a view to establishing the identity of speculators on the franc exchange.

As a sequel to the Cabinet's decision to proceed against speculators in francs, the Controller of the Finance Ministry inspected the books of certain banks.

EARLIER CABLES.

London, Oct. 26.

French francs were quoted in London at 121 1/2 this morning, exceeding last year's record of 120 1/2.

Paris, Oct. 26. The newspapers announced in the political crisis and are of the opinion that after the speech of M. Caillaux yesterday only a miracle can prevent a Cabinet resignation this morning. M. Herriot in a speech yesterday declared that the time for physicians had passed and it was now necessary for the surgeons to intervene.—Reuter.

CYCLONE DAMAGE.

(Reuter's Service.)

Bushire, October 26.

It is now stated that the casualties in the Persian Gulf disaster have been greatly exaggerated, although the cyclone was serious.

BALKAN TROUBLE.

GREEKS AND BULGARS SOFTEN

LIMBURG'S EASIER TASK

(Reuter's Service.)

Athens, Oct. 26.

As a result of the intervention of Rumania, Greece and Bulgaria have agreed to sign a preliminary agreement for the evacuation of the respective territories they have occupied following the frontier incident, thus facilitating the task of the League Council.

LIMBURG AT WORK.

Paris, Oct. 26.

M. Briand presided at a specially convoked meeting of Council of the League at which Mr. Anton Chamberlain represented Britain, to investigate the Greco-Bulgarian dispute.

The chairman referred to the conflicting reports and in a statement asserted to be his colleagues, said there were two distinct questions, one of urgency, concerned with the cessation of hostilities and the withdrawal of troops to their own territories, and the other which involved the ascertainment of facts and the fixing of responsibility and the reparation payable which would take time.

Replying to M. Briand the Bulgarian Minister in Paris declared that Bulgaria had in no wise invaded Greece, while the Greek Minister at Paris said "Greece would evacuate Bulgarian territory when the Bulgars withdrew from Greece."

DURING THE MILITARY.

After hearing the Greek and Bulgarian representatives, the Council announced it was not satisfied that the military operations had ceased, and requested both States to acquiesce within 24 hours that their Governments had unconditionally ordered troops to withdraw behind national frontiers, and within 60 hours to give assurances that all troops had so withdrawn and that all hostilities had ceased and all troops been warned that a resumption of firing would be severely punished.

The Council requested France, Britain and Italy to direct officers within reach immediately to proceed to the scene of conflict and report when troops had withdrawn and hostilities ceased; and in any case at the expiration of the above-mentioned limit Bulgaria and Greece were requested to facilitate in every way the carrying out of these officers' mission.

SEVERE TERMS.

Paris, Oct. 26.

The League Council privately deliberated for an hour before announcing its Greco-Bulgarian decision.

This is embodied in a resolution drawn up by Mr. Chamberlain, the terms of which were first privately communicated to the disputants in view of their severity.

The resolution emphasised the gravity of the action which it stated to be intolerable and an affront to civilisation, for such incidents lead to warlike operations, instead of submission to the Council of the League which would always safeguard the honour and interests of nations whose differences it might be called on to settle.

The time limit runs from tonight. The Council will meet to-morrow. Satisfaction is felt that the Council has so speedily reached a unanimous decision.

PARLIAM CABLES.

Sofia, Oct. 26.

It is semi-officially stated that the Greeks yesterday afternoon bombarded Petrich and the village of Markosinovo killing and wounding more civilians. The Greeks are entrenched in their positions.

Sofia, Oct. 26.

A Royal decree has abolished the state of siege.—Reuter.

The state of siege was declared in Sofia as a result of internal disorders and Communist activity in April last.

COMING EAST.

BISHOP OF LONDON'S VISIT

(Reuter's Service.)

London, October 26.

Addressing the London Diocesan Conference, the Bishop of London said he proposed next year to visit Korea to attend the consecration of the cathedral then to go to Kobe, Singapore and Colombo.

MINISTERIAL CRISIS AVERTED

BRIAND SAYS PAIN

(Reuter's Service.)

Paris, October 26.

As a result of M. Briand, the Foreign Minister, strongly supporting M. Caillaux, the Finance Minister, because it is not desired to have a Ministerial crisis before the time of the meeting of the Council of the League in Paris, a crisis has possibly been prevented, or at least postponed. The Council of Ministers has been postponed until to-morrow. The Cabinet is still discussing the financial project.

TO RESIGN EN BLOC.

Paris, October 26.

In well-informed circles it is considered practically certain that the Cabinet will resign en bloc to-morrow. Apparently the object is to get rid of Caillaux.

COTTON MARKET.

HEAVY SPECULATIVE SELLING.

(Reuter's Service.)

New York, October 26.

The Government cotton crop report has caused heavy speculative and hedge selling on the market, prices slumping 1 1/2 to 1 3/4 points to the lowest since 1922.

Covering brought about a partial rally. Prices closed at 8 1/2 to 10 1/2 points net lower. In view of the assurance of a 15,000,000 bale crop of raw cotton, trade and cloth buyers are expected to delay purchases. On the other hand present prices in the South are probably down to, or below, cost of production, and holders in the interior may refuse to sell freely.

Egypt to Buy.

Alexandria, October 26.

The Government has announced its intention to buy cotton at the spot market price but it is not stated when the transaction will begin.

CORRESPONDENCE.

HONGKONG EDUCATION.

(To the Editor of the China Mail.)

Sir, "Logic" has been really logical.

At the commencement of the present crisis a committee was appointed to inquire into the conditions of the share-market—all thought was centred on money-matters.

Now when educationalists have at last had an opportunity of making themselves heard, the idea that any but the Director of Education and his associates should be asked to consider the present educational catastrophe is at once laughed. Why? Why? Why?

Certain men pretend they understand the why and whereof of the present trouble in the local schools. These would be the last to entertain the idea of any outside assistance and suggest that the Government should take any steps to improve the situation.

SIEGFRIED.

WONDER FILM REACHES HONGKONG

QUEEN'S GREAT DRAW

"The Nibelungs," the great wonder film comes to the Queen's Theatre to-day. With this picture the producer, Fritz Lang, seems to assume the place, relinquished by Seastrom, of the most sensitive artist now working with the screen so as to make what moves or stands still thereon beautiful to look at. In "Siegfried" there are things too beautiful for words.

To begin with, all the versions of the legend together never built up a drama as splendid as the medieval tapestry in this film. Then there is a great forest through which Siegfried passes, mighty, mysterious; the very forest Adolphe Appia has taught us to look for because it shall show how a man feels in a forest. There are the Mistlands, wrapped in a magic that no stage steam can compass. There are flaming fields through which Siegfried rides, to the castle, with its wide rooms and white walls, and low doors; and its vast empty floors across which people move with mythical remoteness.

At one point, when the biggest hall is crowded to receive Siegfried, a threat from the village Hagen sets its assembled figures into swift motion toward the centre, and then slowly back to place again—all done like a ballet. Later in the film there is a pool rimmed with slender gleaming birch trees that rise out of a ground padded with bright, still, pert little flowers that stand up as waxily as though painted on some medieval illuminated page. And several times there are fruit trees hung so heavily with big blossoms so lovingly and reverently photographed that one dares to think of Van Gogh.

Finally, Fritz Lang has made a little picture of the dream that Kriemhild dreamed—and many of us will find in this two-minute strip of film the most beautiful and significant thing that the motion picture has yet created. It is an "animated drawing" of almost abstract forms. These forms may, or may not, be traced back to their symbolical originals. The movement of the forms themselves is sufficient for the interpretation thereof. This pictorial dream is the most successful use of symbolism that either stage or screen has so far devised.

Lang decided to screen the story of Siegfried as it is told in the medieval German "Das Nibelungenlied," not according to either the earlier Norse saga or the later romantic version of Wagner. Against Wagner, in fact, it might be taken as a protest. Even the musical accompaniment will have nothing to do with "The Ring," and it is simply an unobtrusive score. Which is quite right, for the Wagnerian romanticism is definitely replaced by primitive directness, archaism, and simplicity.

Lang has accurately translated the medieval note to the screen, even to the crudities, the crudities so dear to the old myth-makers. Nor are his characters gods, as Wagner's were, but human heroes and heroines of large stature (accentuated by the low-roofed architecture) and sometimes rather mean passions. They are never seen intimately, and sometimes this remoteness gives a sense of flatness to the picture because we are so used to close "characterisation," sometimes the deliberate stateliness and dignity make it seem slow to the screen-wise who have had few chances to learn what pleasure lies in watching carefully composed movements cross scenes held still that their loveliness may be studied.

Lang uses his players as a painter uses models, merely asking them to pose, or pass, as he directs; and this would seem the right treatment for such antique matter. His greatest success with this method is Kriemhild, who at first is so passive and cool that we hardly notice her until she begins to grow on us, and then that any but the Director of Education and his associates should be asked to consider the present educational catastrophe is at once laughed. Why? Why? Why?

Certain men pretend they understand the why and whereof of the present trouble in the local schools. These would be the last to entertain the idea of any outside assistance and suggest that the Government should take any steps to improve the situation.

The return of notifiable diseases for the 48 hours ended Sunday, shows one Chinese case of enteric fever.

The Hongkong Philharmonic Society is to produce "Iolanthe" on December 11th 19, at the Theatre Royal, in aid of local charities.

A small girl of seventeen with bobbed hair and a short skirt, who gave evidence against a man at Tottenham Police Court, was mistaken by the magistrate for a child, and he ordered the court to be cleared.

The following telegram dated October 21 has been received from His Highness the Tuan Muda of Sarawak—

"Can Sarawak Government be of any assistance to Hongkong Chinese by offering your Government small loan? If \$100,000 would be acceptable am prepared to recommend to Rajah due here early next month, to make definite offer and would suggest same terms as new Malaya loan to Hongkong."

His Excellency the Governor has replied as follows:—

"Warmest thanks to Your Highness for your offer but we have made satisfactory arrangements with His Majesty's Government."

The report of the English Society for the Prevention of Cruelty to Animals says that there is still too much of a tendency on the part of magistrates to admonish guilty persons and then say, "You are lucky not to be sent to prison for this," but adds that the action of the press in printing letters from readers expressing indignation at such mild treatment of cruelty is having an excellent effect in tightening matters up. The society is now conducting a campaign against the practice of keeping dogs chained up for long periods and of confining birds in cages too small for the proper exercise of their wings.

A law has been passed in Siam to establish the use of surnames. It has met with no opposition in the country districts, although novel to them.

Objection has been raised in Brisbane to using salt-water for street watering on the ground that it causes heavy damage not only to motor vehicles but also to the tramway lines.

Another guess has been made at the result of the census on October 1, in so far as Tokyo is concerned. This puts the population at 1,080,000, which is over 100,000 less than it was before the earthquake. This would make it appear that Tokyo has not come back as much as thought, but the figures are hardly dependable.

The theme of the Japanese Imperial poem for the coming New Year has been announced by the Imperial Poetry Bureau. It is "kasui, kiyoshi," which means limpid river water. The competition is limited to one poem from each competitor, which must reach the Bureau not later than December 15.

A proposal to shorten the voyage between Japan and Formosa is being considered by the Formosan Government, N.Y.K. and O.S.K. At present the voyage takes four days, but the desire is to shorten it to three. On this mission Mr. Ikuno, Director of the Bureau of Communications, Formosa, visited the two shipping companies' head-offices in Tokyo and Osaka, and left Moji for Keelung on the 9th inst.

The cost of living in Italy has been on the increase constantly since 1914 and is still mounting, recently published statistics show. Taking 100 as an index figure in 1914, the cost of living has reached 498.22. A table of prime necessities of life, including bread, spaghetti, rice, beef, bacon, milk, potatoes and olive oil, shows an average rate compared with the index figure of 432.98 in December, 1923; 492.23 in December, 1924, and 498.22 in June, 1925.

Despite the vigilance of the Tokyo Police Board, adherents of birth control are increasing. Several leading persons, both men and women, recently have declared publicly that Japan's hope lies in adoption of the scheme generally. The newspapers speculate whether the birth-control law can be enforced, and, if so, whether it can be applied to persons voicing public approval of the system.

The Japanese population of the province of Davao, Mindanao, which at one time was well over 80,000 and which was reduced to about 3,000 following the huge slump in hemp prices in Manila in 1921, is again rising rapidly. An unusual number of Japanese have entered the Philippines at the port of Zamboanga during the last three months; all of them headed for Davao. There are now estimated to be about 18,000 Japanese in Davao.

High school girls in Chester, America, are "starving themselves" in an effort to maintain "stylish silhouette figures" until they are "dangerously underweight." Officials of the Delaware County Tuberculosis Association declared upon a completion of a survey, "Dr. Harry Schulman, secretary of the association, said that underweight among boys and girls was about the same until the girls reach fifteen, 'the flapper age.' Then, he said, the girls begin the 'starving process' of reducing. Eating pickles and ice cream, he declared, was one of the methods."

"The last of Mrs. Cheyne," the latest London play, including as it does Gerald du Maurier, Gladys Cooper, Ellis Jeffreys, and Ronald Squire in the cast, is described as a brave experiment; the weekly costs are estimated at £1,800 in a theatre which holds little more than £2,200, when packed. The Ethel Barrymore season of "Délassé," planned for the Lyric next month, was abandoned at the last moment because the costs were £1,200, leaving out the star's salary.

The Netherlands Consul-General for South China in Hongkong has remitted to the Foreign Office in the Hague the sum of £1,025 or Guilders 1,491.23 for relief amongst the sufferers from the cyclone which destroyed Borculo and other places in the Netherlands on August 10 last. Joseph Birch, a Portsmouth labourer, was in bed suffering from influenza when he heard a woman shout: "Can any one save this child?" Birch sprang from his bed, ran downstairs and to the harbour nearby, plunged into the water, and brought William Charles Paige, aged eighteen months, to the shore. Birch then collapsed. A doctor made a vain effort to revive the boy.

For those who have been waiting for the information, a leading authority in the French dress-making world has declared: "We need not expect any marked changes in women's shape this winter." The women of Paris will persist in keeping to the straight and slender line so becoming to the figure. But as some change must be made, the dressmakers have hit upon the expedient of trimming the backs of dresses—which is quite opposite to what they did last season. All sorts of designs will be embroidered on the backs of gowns. Strange as it may seem, silk mittens are coming back into fashion again.

Davy Stephens, well known to every Epsom racegoer, is dead. He was 70 years of age and retired about a year ago from conducting his business as a news agent at Kingstown. For years he welcomed every visitor of note coming off the boat from Holyhead. He made an annual pilgrimage to London to see the Derby for more than 50 years. He made the acquaintance of every Chief Secretary for Ireland from his early boyhood he was daily on the pier, winter and summer, when the mail boat came in shortly after 5 a.m. When King Edward was Prince of Wales, Stephens was one of the few who were allowed to see him before he was crowned.

The ban on ultra modern styles of dress worn by women has extended to Chile. Monsignor Encarnación, Archbishop of Santiago, has censured the dress in Chile and Buenos Aires and recommended admission to the churches be refused to women improperly attired. "Unashamed of their immodest dress," said the letter, "the Chilean women, whose manners formerly were an example to all Christian families, go so far as to have themselves photographed in these creations. Not satisfied with this, they send their pictures to the newspapers, thus making a public spectacle of themselves."

A quaint ceremony which has been performed every twenty-one years for 400 years was held lately at Chedzoy, a small English village. On these twenty-one year occasions the "church acre" at the village is sold for a further twenty-one years by a quaint ceremony known as "by fall of candle." Villagers gathered in the Manor House Inn, where the vicar, the Rev. G. R. Mullens, lit a half-inch of candle placed on a piece of tin. The last bidder before the candle burns out becomes the owner of the acre for the next twenty-one years. Bids came quickly until £50 was reached. "The candle is burning; time is going," cried the auctioneer. Bidding came to a halt at £72, and the candle began to flicker. "It's guttering," cried the reverend gentleman. A woman then bid £80 and the candle went out. It is stated that the candle this year burned only twenty-three minutes, whereas in 1904 it remained alight for forty-one minutes.

TREVESSA TROPHY.

ARRANGEMENTS FOR RACE TO-MORROW.

To-morrow afternoon the fourth bi-annual race for the Trevessa Trophy will be sailed. This race was inaugurated in memory of a wonderful performance and show of endurance by a small party of British seamen under Captain Foster.

Each of the races previously contested have produced keen competition and a fine show of endeavour on the part of officers and crews of many ships which call at this port.

Interest is not merely national for on the first occasion a Dutch ship won the trophy in fine style. The next two races were won by Douglas steamers after keen struggles.

It is early to say exactly how many entries there will be this year but it is expected that they will not be less than last year when nearly twenty boats went to the starting line. The course is from Channel Rocks to Kowloon Rock, a mark at the Yacht Club, East Rock and the finish at the Yacht Club. As hitherto all arrangements are in the hands of the committee of the Royal Hong Kong Yacht Club, a launch is being provided for those who may wish to follow the race and it will leave Queen's Pier at 3 p.m. to-morrow.

WATER POLO.

LEAGUE CHAMPIONSHIP PLAY-OFF.

The V.E.C. "A" team and the Kowloon British School Former Pupils' Association "A" team finish level at the top, in the local water polo league.

Yesterday the Kowloon team were conceded a walk-over by the Surrey Regiment and the V.E.C. beat the Hongkong Electric Co. by 10 goals to nil.

A play-off will therefore be necessary to decide the championship and it is thought that the deciding match will be played this week.

HOW PIRATES WON THE TITLE.

LAST, DECIDING GAME.

After a postponement of one day owing to rain, Pittsburgh won the last, deciding game in the world championship baseball (as cabled by Reuter).

(Manila Bulletin.)

Pittsburgh, October 15.

The Pirates to-day took the 1925 baseball championship of the world from Washington by battering down Walter Johnson and scoring the third straight victory over the Senators, nine to seven, in a furious battle fought out in a drizzling rain on a soggy field.

Pittsburgh used four pitchers including Vic Aldridge who was taken out in the first inning after he had walked three men and made two wild pitches. Kramer was credited with being the winning pitcher for Pittsburgh, although Morrison and Oldham also took a turn in the box. Walter Johnson pitched the game out although Pittsburgh touched him for fifteen hits. The Senators started off in a rush, chalking up four runs in the first inning. The attendance 42,856, and the receipts, \$184,178.

NEXT YEAR'S TESTS.

DISCUSSION AT HOME ON THE TEAM.

WHAT THE PUBLIC THINKS.

A further letter on the subject of next year's Test Matches with Australia appears below:—

To the Editor of the "Athletic News."

Sir,—If the following eleven opposed the Australians there would be no question about the "tail," as each man is worth 20 runs: A. W. Carr (capt.), Hobbs, Sutcliffe, Hendren, Hammond, Woolley, Kilner (R.), Tate, Macaulay, Parker, Strudwick.

Here are six first-class bowlers, and if these men cannot get the Australians out I don't know who will.

Yours truly,

STANLEY OVER.

AIR RACE.

WON BY U.S. ARMY MACHINE.

ONE BRITISH STARTER.

(Reuter's American Service.)

Baltimore, October 26.

The British team in to-day's Schneider Cup air race is reduced to one, Hinkler piloting the reserve Gloster Napier failing to qualify in this morning's try out; the machine struck the water heavily and damaged the floats.

None of the Schneider Cup seaplanes was damaged by the gale but Hinkler's machine narrowly escaped. As the wind struck it, the airmen leapt on and brought it to a stand-still a few inches from the pillars of the hangar.

Later.

The Schneider seaplane race of seven laps, aggregating 350 kilometres was won by Lieutenant Doolittle, of the American Army, piloting an Army Curtiss racer.

The average hourly speed was 232.578 miles.

Doolittle's speed is a record. Captain Broad, representing Britain, piloting a Gloster Napier, was second, at an average speed of 191.

Dibranati, Italy, in a Macchi flyingboat, was third at an average of 168.

The remaining two competitors, both American, were forced to descend. Cudding having averaged 220 for six laps, Ostie 218 for five laps. Both were piloting Navy Curtiss racers.
